

Our Mission

Fleece & Thank You, a Michigan-based non-profit organization, is dedicated to providing connection, comfort, and hope through its programs, services and materials to children facing illness and their families supporting them.

Our Story

"Fleece & Thank You was inspired by a young girl named Sophie, 4 years old and battling neuroblastoma. At a time when she should be making new friends, Sophie was facing constant hospital treatments. We exist to serve children just like Sophie: kiddos who are facing daunting hospital treatments and are in need of comfort and hope.

We believe no one should feel alone, and we want to ensure colorful comfort in the form of a fleece blanket and along with an inspiring video message from a friendly face waiting on the hospital bed for every child facing treatments.

Every 11 minutes, another child will begin a hospital treatment journey.

Our Process

Our signature program is our blanket-making event. We host over 400 blanket-making events every year, partnering with schools, businesses, and any group you can imagine, to help us achieve our goal of making 30,000 blankets for every child that receives inpatient hospital treatments.

Every blanket we provide also has a personal video message attached to it from the blanket maker to the recipient in the hospital, who can then send a "thank-you" message back to the maker!

How you can help!

Let's get a group together to do a blanket-making event! We do events all-year round: everything from birthday parties to corporate team-building... you name it! Every \$24 is another blanket we can make together! You can reach out to events@fleeceandthankyou.org for more details and our event packet. We hope you are able to help us provide light for these children during a dark time.
